

ALEKSEI GRIGOREV

Head of Product Design

Hands-on **Head of Product Design** with a systems mindset, strong product design vision, and empathy as a superpower. **15 years of experience** in UX/UI design, with **7 years in leadership roles**. Built and led a [cross-functional design unit](#) of 40+ people at a bank with 6.3M digital users. Reduced form completion time by 50% at a 4M DAU automotive classifieds platform. Consistently translated user pain points and data insights into scalable, [emotionally resonant](#) product experiences—across FinTech, SaaS, Marketplaces, and Media. Launched 10+ MLPs in 5 different business domains as a [Founding Designer](#). Actively contributing to the design community through [mentoring](#) and creating [design tools](#).

EXPERIENCE

Product Design Manager

2025 – 2026

Qatar Insurance Company / *Leading Qatari Company, 800K users*

- Redefined the product design vision for QIC Car Marketplace, increasing contact rate to 4.3%
- Automated early-stage prototyping with AI across a design team, halving prototyping time
- Resolved a key UX issue, doubling self-service adoption and eliminating recurring support requests
- Led the redesign of key marketplace surfaces—home, listing pages, and search results—increasing click-through to listings by 20%

Head of Design & Storytelling Unit

2022 – 2025

Alfa Bank / *Private bank with 6.3M active digital clients, 200+ product designers*

- Scaled a cross-functional design team from 10 to 40+ contributors by defining hiring pipelines and mentoring frameworks
- Shaped the product design strategy for integrating banking into VK Messenger, acquiring 275K+ new active users in 3 months
- Converted 300K+ families by redesigning cross-platform Gen-Z banking UX, grounded in parent research and A/B testing
- Lifted NPS by 18 points via hands-on mobile redesign that prioritized ease, clarity, and personalized flows
- Reduced task completion time by 20% and increased monthly revenue by ₺5M+ by spearheading mobile app overhaul and aligning squads on UX priorities
- Mentored 12 designers through regular performance reviews and introduced a talent competency framework
- Partnered with compliance, risk, and engineering to ship features in highly regulated B2C financial environments

Head of Product Design

2020 – 2022

Yandex LLC / *Auto.ru - 4M DAU automotive classifieds platform*

- Increased engagement by 40% and cut car selling time by 12% via designing an immersive 360° listing view
- Introduced a scalable user research pipeline to capture real driver pain points and reduce feedback loops

- Cut hiring lead time by 17% by building a transparent growth map for design roles and interview calibration
- Reduced seller complaints by 23% by translating 1,000s of user reviews into actionable UX improvements
- Reprioritized roadmap by synthesizing support + sales insights into customer journey friction points
- Balanced roadmap features across iOS, Android, and web, maintaining consistency in all buyer and seller touchpoints

Senior Product Designer

2017 – 2020

Yandex LLC / Auto.ru - 4M DAU automotive classifieds platform

- Cut form completion time by 50% (30 to 15 min) via redesigning post-offer flows with smart defaults and field logic
- Boosted user retention by 20% through launching Mag.Auto.ru, Russia's #1 automotive content hub
- Improved loan conversion by 8% and reduced response time by 15% through overhaul of listing architecture and CTA layout
- Launched and scaled the first atomic design system at Auto.ru, reducing design debt and handoff friction by 30%

Senior Product Designer

2016 – 2017

New Cloud Technologies / SaaS collaboration tools

- Designed a secure enterprise messenger (iOS, Android, Web), reaching 5,000 active users in month one

Senior UI/UX Designer

2013 – 2016

Sanoma Independent Media / International media publisher (Esquire, Cosmopolitan, National Geographic)

- Overhauled UX for 8 high-traffic media websites, resulting in a 15% average bounce rate drop
- Introduced modular, reusable components that increased design velocity and content adaptability

Senior UI/UX Designer

2012 – 2013

2can / FinTech startup

- Increased retention among first-time mobile users by redesigning onboarding UX for all platforms
- Doubled page engagement (2 → 4 pages per visit) by launching a user-focused main website redesign

UI/UX Designer

2011 – 2012

Euroset / Marketplace

- Reduced employee onboarding time from 7 to 3 days by redesigning the corporate portal's UX and workflows

EDUCATION

- London Future Academy - Product Design Strategy
- British Higher School of Art and Design - Interactive Design and New Media
- Moscow State Institute of Radio Engineering, Electronics and Automation
- Bachelor's degree, Electrical and Electronics Engineering
